To create the longest line possible, pants should be an inch from the floor (with shoes on), with the hem breaking over the instep.

'Tis the Season...

We're heading into peak party season with Christmas just around the corner and I have visions of fabulous fashions dancing in my head.

Why is it that we dedicate ourselves to looking great for one or two events at this time of year? Shouldn't we be trying to look our best every day?

Why do we think nothing of paying lots for outfits we may only wear once or twice, yet balk at paying for hard working staples like jeans and jackets we wear almost every day?

Sure it's nice to look great at special and holiday events, but I think it's more important to try and look our best every day of the year. I think we have it backwards.

Speaking of which, Chic Thrills is stocked with wonderful little black dresses and elegant evening wear at everyday-wear prices. You'll also find some great holiday wear and those hard working staples at Hubba Hubba.

Both of our stores have in some great new accessories that will help you create a total look for the winter and holiday seasons. Why not add some colour and sparkle to the items you already own with some new jewellery, a new belt, or hosiery.

Just in at **Chic Thrills** are a fun and funky collection of footwear accessories from Erica Giuliana. These jewels for your shoes and boots are a chic (and cheap!) way to instantly update and multiply your footwear collection. Pick up a pair for the shoe lover on your list this season too!

Chic Thrills has also brought in a great gift idea or personal investment for anyone who loves handbags and can only wear one of their many at a time. Pouchees purse organizers make it fast and easy to transfer your "life" from one handbag to another.

Leatherette pouchees come in a variety of colours.

Pouchees have:

- handy rings for putting the organizer in and out of your bags
- inside dividers to keep you all organized
- inside pockets for lipsticks and keys
- zippered pockets inside for change and personal items
- outside pockets for cell phones, credit cards, and more!

At **Hubba Hubba** this season you'll find a wonderful selection of versatile clothing and accessories that will serve you well over the holidays and long afterwards. Of particular interest are dressy cardigans that can finish off any outfit with a touch of sparkle. And don't forget we carry a variety of tights, leggings and hosiery. Many customers have picked up on our toeless hose that let your pedicure show through an open toe shoe.

Hubba Hubba's Joseph Ribkoff trunk show was a hit. If you missed our evening, stay tuned because we are sure to repeat this event again.

And don't forget that we sell Lampe Berger in **The Girls Bra Boutique**. Lampe Berger was originally designed in 1898 to purify hospital rooms. Besides being a security blanket to clean air, the product now helps banish undesirable odours and imparts a delicately scented ambiance to your home. Makes a great gift any time of the year, especially for this flu season.

A Few of My Favourite Things...

We are certainly gearing up for the season of gift giving, but have you found a few favourites you'd like for your self?

Write out a wish list of your favourite items with our staff in any one of our 3 stores, and we'll set aside your items for a week. Then whisper your wishes into the ears of those who will be looking for gift ideas for you, and send them in!

Extended Holiday Hours...

For your convenience, **Chic Thrills and Hubba Hubba** will be open Sundays in December from 10 am until 2 pm.

Hubba Hubba will be open until 8pm on Thursday, December 10th, for extended shopping on the last day of our 12 Days of Xmas Sales.

And remember, Chic Thrills is open Thursday night until 8pm. Our ladies have great gift giving ideas and will make shopping for the holidays at **Chic Thrills, Hubba Hubba, and The Girls** effortless.
